

Lenton Couplers

Compliant with AS/NZS 4671:2019
Efficient use of material with zero wastage
Maximum tensile strength
Easy to install and use
Avoids damage to the formwork

Lenton Couplers are connectors that connect the ends of two reinforcing bars to increase the length of rebars, such as in high rise buildings. Used in large-scale projects when splicing isn't an option.

Stock Sizes

Product Code	Size (mm)	Coupler Type
LEN-CO12	12mm	A12
LEN-CO16	16mm	A12
LEN-CO20	20mm	A12
LEN-CO25	25mm	A12
LEN-CO28	28mm	A12
LEN-CO32	32mm	A12
LEN-CO36	36mm	A12
LEN-CO40	40mm	A12
